Award Person

Prof. Dr. Wolfgang P. Baumeister

Name: Wolfgang P. Baumeister

Address: Max Planck Institute for Biochemistry, 82152 Martinsried near Munich, Germany, Phone: ++49-89-8578-2652, Fax: ++49-89-8578-2641, E-mail: baumeist@biochem.mpg.de

Date of Birth: November 22, 1946

Place of Birth: Wesseling near Cologne

Citizenship: German

Education:

1966-1967 Studied Biology, Physics and Chemistry, University of Münster

1967-1969 Studied Biology, University of Bonn, Diploma in Biology

1970-1973 Doctorate (Dr. rer. nat.), University of Düsseldorf

Career:

1973-1979 Scientific Assistant, Institute for Biophysics and Electron Microscopy, University of Düsseldorf

1978 Habilitation in Biophysics, University of Düsseldorf

1981-1982 Heisenberg Fellow, Department of Physics (Cavendish Laboratory), Cambridge University, UK

1983-1987 Head (C3) of Working Group on Molecular Structural Biology, Max Planck Institute for Biochemistry, Martinsried near Munich

1984-1987 Extraordinary Professor, University of Düsseldorf

since 1987 Extraordinary Professor, Faculty of Chemistry, Technical University of Munich

since 1988 Scientific Member and Director, Department of Molecular Structural Biology, Max Planck Institute for Biochemistry, Martinsried near Munich

since 2000 Honorary Professor, Faculty of Physics, Technical University of Munich

Honors and Awards:

1982 Ernst Ruska Prize

1988 Member, European Molecular Biology Organization (EMBO)

1996 J.T. Edsall Lecturer, Harvard University

1998 Otto Warburg Medal, Society for Biochemistry and Molecular Biology (GBM)

1998 Annual Biology Lecturer, ETH Zurich

1999 The Deans Lecturer, Mount Sinai Medical School, New York, NY

2000 Member, Bavarian Academy of Sciences

2000 The NIH Directors' Lecturer, Bethesda, MD

2000 Moore Distinguished Scholar, California Institute of Technology, Pasadena, CA

2000 Max Planck Research Prize

2001 Prize of the Feldberg Foundation, UK

2001 Fellow, American Academy of Microbiology

2001 Prix de la Fondation Scientifique Fourmentin-Guilbert, France

2001 Member, German Academy of Sciences Leopoldina

2001 Karl Heinz Beckurts Prize

2002 Foreign Honorary Member, American Academy of Arts and Sciences

2002 Datta Lecture and Medal, FEBS

2003 Louis Jeantet Prize for Medicine, Switzerland

2003 I. and H. Wachter Prize, University of Innsbruck, Austria

2003 Distinguished Lecturer of the Life Sciences Division at LBNL, Berkeley, CA

2004 Stein & Moore Award, Protein Society, USA

2004 Felix Hoppe Seyler Lecture & Award, Society of Biochemistry and Molecular Biology (GBM)

2005 Schleiden Medal, German Academy of Sciences Leopoldina

2005 Medal of the First Faculty of Medicine, Charles University, Prague

2005 Harvey Prize in Science and Technology, Israel Institute of Technology, Haifa

Selected Honorary Activities, Memberships:

1988-1989 First Chairman, German Society for Electron Microscopy

1991-1998 Coordinator, Focus Program on "New Microscopic Techniques in Biology and Medicine" of the German Research Foundation

1992-1998 President, Committee of European Microscopy Societies (since 1997 European Microscopy Society)

1994-2000 Member, Expert Group on Nano Sciences, Swiss National Fund

2000-2004 Member, Molecular and Cellular Medicine Board, Medical Research Council, London, UK
since 2000 Member, Research Council, Paul Scherrer Institute, Villigen, Switzerland
since 2002 Member, Scientific Advisory Board, NCCR Nanoscale Science Switzerland
since 2002 Member, Executive Committee, International Federation of Societies for Microscopy (IFSM)
since 2003 International Union of Pure and Applied Chemistry (IUPAC), Physical and Biophysical Chemistry Division, Titular Member
since 2005 Member, Scientific Advisory Board, Faculty of Life Sciences, University of Manchester, UK
since 2005 Member, Scientific Advisory Board, Venetian Institute of Molecular Medicine, Padova, Italy

Current Editorships:

Editor:

Journal of Structural Biology

Journal of Molecular Biology

Archaea

Biochemical and Biophysical Research Communications

Editorial Board Member:

Journal of Microscopy

Biological Chemistry

Trends in Cell Biology

Current Biology

Ultramicroscopy

Advisory Editor:

BioMed Central Biology Image Library
